AGE QUOD AGIS

Words by G. E. Manning, B.A.

Music by J. N. Hancock, B.A., L.R.A.M.

When the light of truth is fading and the torch of faith burns low,
And a creeping dusk of apathy has dimmed endeavour's glow,
Then the source of strength that Ruskin knew we, too, must seek to know
To be worthy of our name.

To his memory by the mountain lake a pillar stands alone,
And the words of simple wisdom graven in the ageless stone
Show a faith in God's abiding love that we must make our own
To be worthy of our name.

Let a vision of the grace of God exalt our searching sight;
Let us read the silent message of the stars that shine by night;
And when evil spreads its darkness let us know the power of light,
To be worthy of our name.

For a light to guide us comes from men whose works for ever shine,
Men whose labours formed a pattern that was part of God's design,
And the witness of their love of truth shall be to us a sign
To be worthy of our name.

By the might of their example let our courage rise anew,
Let us brace both mind and sinew to the work we have to do,
Let a flame of purpose kindle that no shadow shall subdue
To be worthy of our name.
