THE ENDEAVOUR CUP

To be announced

AGE QUOD AGIS

When the light of truth is fading and the torch of faith burns low,
And a creeping dust of apathy has dimmed endeavour's glow,
Then the source of strength that Ruskin knew we, too, must seek to know
To be worthy of our name.

For a light to guide us comes from men whose works for ever shine,
Men whose labours formed a pattern that was part of God's design,
And the witness of their love of truth shall be to us a sign
To be worthy of our name.

By the might of their example let our courage rise anew,
Let us brace both mind and sinew to the work we have to do,
Let a flame of purpose kindle that no shadow shall subdue
To be worthy of our name.
